Procedure for Outbound Exchange Application

1. Prepare the application materials. (All in English except c.)
 - a. Application form (from the university you will be applying to)
 - b. Academic transcript in English (from undergraduate freshman year to present)
 - c. English or Japanese Certificate of Assured Entrance for Master's / Doctoral Program (only for those who are seniors and will be entering a Master's program, or 2nd-year Master's students who will be entering the Doctoral program by the time they leave for the exchange program.)
 - d. Study plan in English (any style)
 - e. English recommendation letter from your supervising professor or a professor who is in charge of your thesis
 - f. Copy of a minimum score of TOEFL iBT 79 or IELTS 6.5
(We will not accept your application if your score is below TOEFL iBT 79 or IELTS 6.5. We will accept scores from more than 2 years ago. However, make sure to check the requirements of the partner university you apply to; some universities might require the score taken less than 2 years old, or to be higher than TOEFL iBT 79 or IELTS 6.5.)
 - g. Confirmation Sheet (Contact OICE for the format.)
 - h. Any other documents that the partner university you apply to requires you to submit
 - (i). Approval Letter from supervising professor only if he/she is different from the one who wrote your recommendation letter. *Download it from OICE website.
 - j. Copy of residence card <front & back> (if applicable)
 2. Submit 3 sets of the application documents (1 original and 2 copies) with a cover letter stamped by your department office, and send by your department office to OICE by the deadline. *Download cover letter from OICE website.
 3. After reviewing the application materials, interviews will be conducted at OICE. The results will be announced within a week. If you pass the interview, OICE will nominate you to the partner university officially.
 4. Submit the Acceptance Letter to OICE after receiving it from the partner university you applied. Then, you must submit the documents below to your Department Office.
 - a. Request for Approval to Study Abroad (required)
 - b. Study Plan (required)
 - c. Credit Approval Application 「単位認定申請書」 (if applicable)
 - d. Approval for the class registration and credit approval 「留学制度による授業科目及び単位数の認定について」 (if applicable)
 5. You are required to join "Futai Kaigaku Insurance" upon our instruction. Joining "OSSMA" is optional.
- ◆ The registration status at the University of Tokyo of a student studying at a partner university shall be "Study Abroad", upon approval by the faculty/graduate school that the student belongs to. (NOT "leave of absence")
 - ◆ Pursuant to the student exchange memorandum, tuition at the partner university shall not be levied and the tuition specified by the University of Tokyo shall be paid to the University of Tokyo.
 - ◆ Not permitted to apply for the student exchange program in School of Engineering while applying for USTEP.
 - ◆ Since cancellation and/or change of application after internal screening is not accepted, select the partner university and the period of studying abroad that you are seriously willing to study at.

Remarks:

- Generally, the deadline for UTokyo School of Engineering is “one month before the partner university’s deadline.” Not all partner universities deadlines are listed above since space is limited. Check the deadlines of the partner universities you are interested in on their websites by yourself.
- The deadline with (♡) mark is a bit earlier.
- The information above is subject to change. Partner Universities sometimes change their deadlines, requirements, etc. without notice. Make sure to check the latest information on partner universities websites.

Remarks :

- ※For graduate level students only.
- It is strongly recommended that undergraduate level students are fluent in the native language of the country they wish to study at.
- This is the current list of overseas partner universities with which School of Engineering, UTokyo has signed memorandums on student exchange. Some exchange programs may not be offered under certain situations such as an agreement/memorandum being not renewed or still under discussion, etc. Also, in some cases, available faculties, departments, and/or courses might be limited.
